

ENVIRONMENTAL POLICY

At AVIDEX SA we are committed to implementing active measures to protect and preserve the environment for future generations. We recognize the impact of our activities on the environment and we seek to minimize any harmful effects that may occur.

Working together, we can help establish a cleaner, safer environment and ensure that environmental issues remain a central point and receive the necessary attention.

To achieve this Policy, AVIDEX is committed:

- ✓ to comply with relevant environmental legislation and adopt a precautionary approach to future requirements and obligations
- ✓ to seek to preserve natural resources through responsible use of energy, water and materials, but also to maintain the quality of services provided
- ✓ to monitor performance and aim at continuous improvement through reduction, re-use and recycling in areas such as energy consumption, waste reduction and water consumption
- ✓ to work with suppliers who have compatible policies to manage their environmental impact

The Management of AVIDEX has appointed an Environmental Management Officer with authority and organizational independence to ensure that the company's Environmental Management System operates and is implemented in accordance with **ISO 14001:2015**.

With the development of the Environmental Management System, the company recognizes its environmental responsibilities and is committed to adhering to the required system regulations. The company's Environmental Policy is a commitment to continually improve and avoid any environmental burden.
